

This agency is a member of  
Companion Connection  
Senior Care, a national

membership organization of home care agencies. All  
members have access to recognized experts in the  
field of home care, as well as the most current  
educational resources, which enable them to provide  
the highest level of care to their customers.

### *Setting Up Care*

Since no two people are the same, our agencies conduct a confidential, in-home assessment to gain a better understanding of your (and your family's) specific needs and expectations. This initial meeting provides you and us with the opportunity to learn about each other and to address any questions you may have about our service.

*Living in your own home  
can be the most wonderful  
thing in the world.*

It's where you're most comfortable, where you belong. But sometimes it can get overwhelming and you'd like someone to help out. What better solution than to call Loudoun Home Care. Whether it's long or short term, we offer quality care. And it can make all the difference.

Our caregivers can provide many services including personal care, incontinence care, bathing, dressing, medication reminder, social interaction, meal preparation and light house keeping. In addition to these services the caregivers can transport the client to activities (doctor's appointments, etc.). Not only do we offer caregivers that are well-trained, we also screen our caregivers carefully so you'll be able to trust that you are getting the best possible assistance.

Our caregivers are all experienced. Most of all, they understand that home care is all about the comforts of your own surroundings, and they go out of their way to make you comfortable.

Whether you or someone you love is disabled, recovering from an illness, or just simply in need of caregiver care, Loudoun Home Care is ready to help. Our rates are competitive, our staff top notch and we're always available with our 24-hour 7 days a week on-call service.
